"If you believe that rock and roll can save your soul, you have to believe that Well Hung Heart are your ticket to salvation." - OC WEEKLY

Well Hung Heart's reckless and raw live performances earned the band a reputation as well as numerous awards including the **Best Live Band & Best Music Video OC Music Awards 2014**. The rock trio has spent their first couple years in existence focusing on touring and songwriting; self-releasing a series of sold out Limited Edition Albums and EPs and booking tours across the US, UK & Europe. Appearing at the prestigious venues such as London's O2 Academy, the Paradiso in Amsterdam and many festivals including **SXSW 2015, Warped Tour, Rocklahoma, Center of the Universe Festival, Sturgis Buffalo Chip, Ink N' Iron, Make Music Festival, Denton35**, and more. Their high-energy performance and new rock sound, deriving from a classic rock/blues foundation with a blistering edge and a front woman that the rock world has never seen, has earned them a diverse collection of shows ranging from Indie/Alternative to Hard Rock, playing alongside names as **Linkin Park, Fitz & The Tantrums, ZZ Top, Motley Crue, Awolnation, Alice Cooper, Panic! at the Disco, Kongos, Grimes, Young The Giant, Grouplove, The Pretty Reckless, Halestorm, Social Distortion, John Fogerty, and Mohave Lords** (members from QOTSA, Eagles of Death Metal, Kyuss). Well Hung Heart are touring worldwide in spring/summer 2015 in support of their forthcoming self-titled EP and summer single releases.
